DISASTROUS RAID BY JAPANESE PLANES ON HANOI-KUNMING RAIL BRIDGE: MANY FOREIGNERS AMONG 100 CASUALTIES

British Sailors Help In Rescue Work

KUNMING, Feb. 2 (Reuter)—Twenty-seven Japanese planes carried out a disastrous raid on a bridge on the French-owned Hanoi-Kunming Railway, 82 kilometres from the Tonkin border.

There were over 100 casualties, including more than 10 foreign passengers and railway employees. Traffic is completely at a standstill owing to the wreck blocking the tunnel.

BRITISH SAILORS FROM THE GUNBOATS H.M.S. GANNET AND H.M.S. FALCON, STATIONED AT CHUNG-KING, WHO WERE ON THE TRAIN SOUTHBOUND, ENGAGED IN RESCUE WORK.

A Shanghai message by Reuter states that according to a report, the train, which was en route from French Indo-China to Kunming, was hit, resulting in several casualties among the passengers.

Hitherto, no details of the damage have been received.

Yonai Will Tell Truth Sometime

TOKYO, Feb. 2 (Reuter)—Admiral Yonai, the Prime Minister, was asked in the House of Peers today regarding the peace terms agreed upon between the Japanese Government and Wang Ching-wei.

In reply, Admiral Yonai declared that it was his intention to find an early opportunity to tell the truth regarding the concrete development of plans for the disposal of the China Incident, namely, the peace terms with the new Central regime, which will "shortly come into being in China."

ARITA - CRAIGIE MEETING

TOKYO, Feb. 2 (Reuter)—According to a Foreign Office statement, a further meeting between Mr. Arita, Foreign Minister, and the British Ambassador, Sir Robert Craigie, in connexion with the Asama Maru incident took place this morning.

JAPANESE REPLY

LONDON, Feb. 2 (BWS)—It is understood that the Japanese Government's reply to the recent British Note on the Asama Maru incident was received by the British Ambassador at the Japanese Foreign Office yesterday but the text has not yet been received in London.

In the meantime, it is felt here that the Prime Minister's references to the incident in his speech on Wednesday will have helped to put it in its proper perspective.

KING RECOVERS FROM COLD

LONDON, Feb. 2 (BWS)—His Majesty the King has almost entirely recovered from the slight cold from which he is suffering. Today, His Majesty was able to receive the normal official visitors including Sir John Keith, Minister of Information.

HONGKONG COLD SNAP: 3 P.M. 60: 2 A.M. 43.8

THE COLONY IS EXPERIENCING ANOTHER SEVERE COLD SNAP.

THE TEMPERATURE RECORDED AT THE ROYAL OBSERVATORY AT 2 O'CLOCK THIS MORNING WAS 43.8, A DROP OF NEARLY 20 DEGREES SINCE YESTERDAY AFTERNOON WHEN THE READING AT 3 P.M. WAS 60.0.

At 10 o'clock yesterday morning the temperature was 57 and 4 p.m. 60.7. By 10 p.m. it had dropped to 47.3 falling a further two degrees an hour later. The temperature at midnight was 44.5.

At 1 a.m. today the thermometer read 43.8 remaining at that figure for the next hour.

3 a.m. - 42.7

The coldest day of this year was January 24 when a temperature of 43.3 was recorded at 7 a.m.

The record minimum for February is 38.4 which was on February 5, 1901.

Heaviest Shanghai Snowfall

Special to the H.K. Daily Press

SHANGHAI, Feb. 2 (Havas)—The heaviest snowfall seen here for many years made Shanghai resemble a Russian city.

With a cold north wind blowing steadily, bewildered Shanghai residents awoke this morning to see their city clad in white.

This was the worst day for Shanghai's legion of homeless and about 100 bodies, of which 80 per cent. were children, were picked up dead off the streets.

The snowfall is considered a passing phenomenon caused by the weather conditions in Siberia.

NO INTENTION TO STARVE OUT BRITISH IN TIENTSIN

SAYS JAPANESE SPOKESMAN

SHANGHAI, Feb. 2 (Reuter)—The Japanese Embassy spokesman revealed that the Japanese Consul-General in Tientsin called on the British Consul-General, Mr. Oswald White, on January 21 and informed him that it was not the intention of the Japanese to starve out the British Concession.

The Japanese authorities have seen "with surprise and regret" the shortage of foodstuffs in the Concession.

The Japanese Consul-General is said to have added that the re-electricification of the wires around the Concession was not connected with the Asama Maru incident and the abrogation of the American-Japanese Trade Treaty.

Whilst walking in O'Brien Road on Thursday, Ho Chi-chiu, a six-year-old child was struck with a bamboo pole which fell from a house and died on admission to hospital.

COAL, COKE SHORTAGE

COPENHAGEN, Feb. 2 (Reuter)—Ice difficulties are causing a serious shortage of coal and coke. In Denmark, 500 Danish railway trucks are standing empty while in Germany, the Germans have been unable to deliver coal supplies because of the ice-bound rivers.

All ferryboat traffic between Zealand, on which Copenhagen is situated, and Funen, have been cancelled.

For the first time within memory, even ice-breaking steamers and large ferryboats are unable to cross the Vore-Bela.

LIFEBOATMEN SAVED 1,300 LIVES

LONDON, Feb. 2 (Reuter)—Lifeboatmen have rescued more lives during the five months of the war than in two years of peace.

During the five months 1,300 lives have been saved and last month 372 were rescued from the sea which is the largest number during any January.

CHINESE STEADILY ENCIRCLING JAPANESE IN SOUTH: SEVERE BATTLE IMMINENT

Operations In Kwangsi: Attempt To Recapture Town Of Kuitang

CANTON, Feb. 2 (Reuter)—The Japanese are expecting the severest battle in South China to take place soon around Kuitang, where the Chinese are putting up a very stout resistance since the Shanghai war," declared the Japanese military spokesman here last night.

The spokesman broke a long official silence over the operations in Kwangsi. He announced that on January 28 an "annihilating campaign" commenced.

The purpose of the campaign was not the occupation of more towns, but the crushing of Chinese troops around Kuitang, where more than twenty divisions were moving southwards from Pingyang. These troops were reported to be concentrating for an attempt to recapture Kuitang.

JAPANESE TACTICS

With the aid of maps, the spokesman demonstrated Japanese tactics to encircle and crush the Chinese forces, which, he said, had set out to encircle the Japanese.

SPIRITED FIGHTING

SHANGHAI, Feb. 2 (Central)—Spirited fighting continues unabated in the vicinity of Kuitang, about 90 miles north-west of Hankow, in Central Hupeh.

Several salient points have been captured by the Chinese. In an attack on Sungsho, the Chinese inflicted heavy casualties on the enemy.

BREAK INTO KAI-FENG

CHENGCHOW, Feb. 2 (Central)—In a lightning raid, Chinese units broke into the Kai-feng railway station on Monday. The Japanese, who were thrown into utter confusion, suffered serious losses. A warehouse was set on fire.

JAPANESE LOSSES

SHANGHAI, Feb. 2 (Central)—Japanese positions at Mahow, six miles south of Samsah, were attacked by the Chinese on the morning of January 31. A part of the Japanese troops were wiped out.

Four Japanese warships steamed from Sunwei to Kuchien in Chungsan District on January 27 and fired many shells ashore.

DEATH OF SIR G. MORGAN

GREAT RESEARCH CHEMIST

LONDON, Feb. 2 (Reuter)—The death occurred today of the great research chemist, Sir Gilbert Morgan, Kt., O. B. E., F. R. S., D.Sc. (London), LL.D. (Birm.), Sc.D. (Dublin), F. I. C.

Since 1925, the late Sir Gilbert had been Director of the Chemical Research Laboratory, Teddington, Department of Scientific and Industrial Research.

He was a prolific writer and a few of his many publications are as follows:—Inorganic Chemistry; A Survey of Modern Developments 1936; Organic Compounds of Arsenic and Antimony, 1918. He was also editor for the Chemistry Section, Encyclopaedia Britannica, 1929.

SYNTHETIC RUBBER PRODUCTION

NEW YORK, Feb. 2 (Reuter)—The Standard Oil Company of New Jersey has acquired the rights for production of synthetic rubber from the Iktarbenindustrie, Germany, and has offered to license rubber companies here to utilize this material for their requirements.

AMERICAN JOURNALIST CHARGED

TOKYO, Feb. 2 (Reuter)—It is officially announced that Mr. James Russell Young, Far Eastern representative of the American International News Service, who was arrested on Jan. 1 in Tokyo has been charged with violating Article 3 of the Army Criminal Code which provides that anyone giving false reports regarding military affairs in time of war, or emergency, is liable to a sentence not exceeding three years' imprisonment.

DETAILS REVEALED

Details of the charge were revealed by a Foreign Office spokesman at this morning's press conference.

Mr. Young, the spokesman said, is charged under the Army Criminal Code with the following offences:—

Firstly, sending from Shanghai, and elsewhere in China, between Oct. 18 and Jan. 1, to the International News Service head office in the United States, newspapers and magazines in Japan, some 38 "extremely slanderous news items regarding Japanese forces operating in various parts of China."

Secondly, with spreading fabrications and rumours regarding actions of the Japanese forces in China among many Japanese and foreigners at the Imperial Hotel, Tokyo, and elsewhere between Jan. 6 and Jan. 18.

The spokesman added that investigations are still going on and that he is unable to say at present whether the trial of Mr. Young will take place at a civil court or may be transferred to a military court.

JUNK ROBBERY AT KAU KAU HAR: ONE MAN ARRESTED

Twenty-four Chinese passengers of a small boat, who were travelling from Shataukok to Yim Tin were robbed by armed pirates who stopped and boarded the boat at Kau Kau Har about 9 a.m. yesterday.

The boat concerned is Class VI boat No. 3724P, owned by 32-year-old Shek Cheung. The robbers approached in a small unlicensed boat.

Four men, two of whom brandished revolvers and another a dagger, climbed aboard Shek's vessel and systematically relieved the passengers and crew of money, clothes and other personal property of a total value of £60 in Chinese currency.

After the robbery, the men rowed ashore and disappeared into the hills. The victims also went ashore and walked to Shataukok. By a stroke of luck, the boatmaster and a passenger recognised a man in the Chinese side of Shataukok as one of the robbers and he was arrested. The others have not been located.

NOMINATED FOR PEACE PRIZE

LONDON, Feb. 2 (Reuter)—Mr. George Lansbury has been nominated for the Nobel Peace Prize.

He has been devoting his life to efforts in getting heads of governments to settle international disputes by peaceful means and visited many leaders of European nations in this connexion.

BIGGEST RUSSIAN OFFENSIVE REPULSED

HELSINKI, Feb. 2 (Reuter)—After an all-night battle, the biggest Russian offensive made in many weeks on the Karelian Isthmus has been repulsed.

The battle was preceded by a six-hour Soviet artillery bombardment after which the Russians attacked with tanks and armoured sledges, which are a new surprise weapon.

These sledges, which are pushed in front of tanks, are occupied by machine-gun crews. The object is to penetrate with this weapon as far as is possible into the Finnish lines.

HAIL OF BOMBS

One hundred and thirty planes assisted in the offensive and dropped a hail of bombs on Finnish lines and fighters swooped down machine-gunning the line.

The Russians were met with withering fire from machine-guns and artillery.

The Russian air raids on Central Finland were continued today and hundreds of bombs were dropped. Neutral correspondents stated that the Soviet airmen made no attempt to bomb military objectives.

Helsinki was again raided yesterday, and today the alarm was sounded, but no planes appeared.

AID ASSURED

HELSINKI, Feb. 2 (Reuter)—Sir Walter Citrine, head of the labour delegation visiting Finland, said in Helsinki today that the Finns can be assured that all possible aid would be given to Finland in her struggle against the Soviets.

It can now be confirmed that British and American aircraft are taking part in the Finnish air attacks and recent raids have proved the efficiency of British aircraft.

SWEDISH EFFORT

STOCKHOLM, Feb. 2 (Reuter)—Another magnificent effort to give financial aid to Finland will be made on Saturday when 23,000 retail stores throughout Sweden will contribute 10 per cent. of their takings on that day towards the Finnish funds.

It is estimated that £1,000,000 will be raised.

CREDITS GRANTED ARGENTINA

Special to the H.K. Daily Press WASHINGTON, Feb. 2 (Havas)—The Exports and Imports Bank has granted Argentina credits aggregating \$875,000,000 for the purchase of American railway equipment.

H.K. SOCCER & RUGGER INTERPORT TEAMS SAIL FOR S'HA

LARGE CROWD GIVES PLAYERS SEND-OFF

A large number of friends and well-wishers saw the Hongkong Interport soccer and rugger teams off yesterday morning when they sailed for Shanghai for a series of matches against the Northern port during the Chinese New Year holidays.

Looking fit and cheerful, the players were optimistic of their chances against Shanghai and one member of the soccer team expressed the confident hope that they would bring back the trophy which they lost to Shanghai last year.

A. V. Gosano, the veteran Interporter, will act as manager and captain, of the soccer team and the selection of the players for the Interport match has been left entirely to him.

The match will be played at the Canidrome ground, Shanghai, on Thursday next (Chinese New Year's Day) and the condition of the ground and the form of the players will no doubt influence his decision in selecting his eleven men.

FOURTEEN PLAYERS

The team will be chosen from the following 14 players who sailed yesterday—Moxham, A. J. Hussain, D. Leonard, Honnibal, T. Castilho, A. V. Gosano, E. Strange, S. Strange, K. Farrow, A. Bone, Hossack, Fox, Guy and Maxwell.

RUGGER TEAM

The rugger Interport will be played on the same ground at 10.30 o'clock the same morning. Bidwell was able to make the trip after all, but the services of Stewart will not be available. Cessford is already in Shanghai.

* Unsuccessful in ballot on Old Course.

The Club and the public stands, which were fresh coats of white paint, were little used by the comparatively large attendance, who preferred to promenade on the sun-bathed lawn, the rearranged layout of which has given increased area space within the Club enclosure.

EARLY ARRIVALS

Early at the course to officiate the events, from the Judges' Box were Mr. F. J. Gellion (Chairman of the Macao Jockey Club), Dr. L. de Menezes Alves (Colonial Secretary) and Mr. J. M. Braga. Among the stewards were also Mr. H. Nolasco, Sr. (Consul for Netherlands).

Meanwhile chatting on the lawn were Lt. and Mrs. Roza Garcia, Mrs. de Menezes Alves and Lt. E. Froenza (Fire Chief).

Entering just before the first saddling bell were a quartette of ladies, composed of Mrs. C. Barnes, Mrs. L. Lucas, Miss Amalia Nolasco and Miss Teresa Rosario. They were soon afterwards joined by their male escorts, Mr. C. Barnes (manager of Pan-American Airways) and Mr. J. Lucas.

Also in early were Melco's Mr. and Mrs. K. B. Fletcher, who waited in the stands for the events to start and chatted with arriving friends.

INTERESTING GROUP

Watching events from the rail near the paddock were Dr. Vargas Moniz (Medical Officer) and Mrs. Moniz, Lt. Souza and Mr. C. E. de Vasconcelos. This group was soon joined by Mr. Vizeu Pinheiro and Comdr. Peixoto Lima.

Taking great interest in the proceedings and watching the events from the lawn was Mr. Leong Hau Iun (Legislative Council member). Arriving after the first event were Mr. and Mrs. J. C. Nolasco. They were soon followed by Mr. H. Nolasco, Jr.

Among the many other married couples at the course were Mr. and Mrs. Silva Ramos, P. W. D's Mr. and Mrs. E. Freire, Mr. and Mrs. B. Senna Fernandes, Mr. and Mrs. Roque, Mr. and Mrs. Baumann, and Mr. and Mrs. Harren-dorf.

Mr. and Mrs. C. Silva were accompanied by Mr. H. Reis, while Lt. Cabrita escorted his wife and daughter. Mr. J. da Silva (Treasury Dept.) and daughter, Miss Beca da Silva, were accompanied by Dr. Braganca.

Later arrivals included Mrs. F. J. Gellion and Mrs. Tucker. Also present at the meeting were "vet" Dr. Z. Vidigal and Post Office's Mr. A. Valente.

"Eternally Yours" Opens At Majestic Tomorrow

Walter Wanger's new comedy romance, "Eternally Yours," opens tomorrow at the Majestic Theatre. It is fast-moving, sparkling modern-day comedy, brilliantly directed, smartly mounted and played by a cast of outstanding stars and players.

Loretta Young and David Niven are the starring duo, and both of these top-notch actors turn in grand performances. The supporting cast is enhanced by such well-known performers as Billie Burke, Hugh Herbert, Zasu Pitts, Broderick Crawford and Ralph Graves.

"Eternally Yours" is not only delightful entertainment, in an excitingly romantic vein, it is a brilliant spectacle. For the new picture features some of the most thrilling scenes in motion pictures in a long time.

RAILWAY TRAFFIC IN BRITAIN NOW ALMOST NORMAL

LONDON, Feb. 2 (Reuters).—Railway traffic in Britain, which was dislocated by bad weather, is now running almost normal. On the Southern Railway, for instance, trains are running to schedule almost without exception.

The only serious difficulty was experienced on the main line between London and the North and railway communication with Scotland is still impossible.

COLUMBIA'S PART IN HELPING PROVIDE EDUCATION IN CHINA

NEW YORK—(Havas by Mail) Dr. Nicholas Murray Butler, president of Columbia University, and Dr. John Dewey, dean of American philosophers, were honoured here by the Chinese Government with decorations in recognition of their part and Columbia's part in helping provide education and leadership in China.

The decorations of the Order of the Jade were presented to the two educators by Chinese Consul-General Dr. Tsune-chi Yu in a special ceremony at Hampshire House attended by many prominent Americans and Chinese who joined in hailing the close friendship between China and this country.

Among the hundreds present were John D. Rockefeller Jr., Thomas W. Lamont, Winthrop Aldrich, William O'Donoghue Jr., Mr. and Mrs. Roy Howard, Wellington Koo, Jr., Dr. and Mrs. Lin Yu-tang, Mr. and Mrs. John L. Mott and others. Dr. W.W. Yen, former ambassador at Washington and Moscow and

now head of the Chinese Red Cross, was also a guest of honour at the affair.

CHINESE GRATITUDE

Drs. Yu and Yen both in brief addresses stressed Chinese gratitude for American help in recent years and pointed out that most of the leaders in Chinese educational and political life were educated in the United States, the largest number of them at Columbia University. Dr. Butler was decorated with the Grand Cordon Blanc aux Bordures Rouges de l'Ordre du Jade. Presenting the award, Dr. Yu hailed the Columbia head as "captain of a wonderful educational institution that has imbued thousands of Chinese students with imperishable ideals by virtue of which they have become leaders in various walks of life in China."

Dr. Butler accepted the decoration as an "outstanding honour and a token of great friendship between our two nations."

BOUND IN FACT

"If China speaks to us with the voice of Confucius," Dr. Butler said, "We speak back with the voices of Washington, Hamilton, and Jefferson. We are separated in geography but bound together in fact by the Pacific Ocean. Let it be our determination that the people of China and the people of the United States will see to it that that ocean is kept pacific not only in name, but in fact."

Dr. Dewey was decorated with the Grand Cordon Bleu of the Order of the Jade and was characterized by Dr. Yu as "one of the greatest philosophers in the history of philosophy, a master of human nature, enemy of no nation or men, but of international injustice."

In his response, Dr. Dewey voiced the hope that Americans and Chinese would co-operate to keep the flame of knowledge burning in China in spite of adverse winds.

MATERIAL AID

In an informal interview at the reception, Dr. Yen admitted that China is getting the great part of its material aid from abroad from the Soviet Union but said that his country was also receiving considerable support from the United States, England, and France.

Professor Dewey has long been a great influence on successive Chinese student generations, his visit to China just after the war having provided a remarkable impetus to the cultural renaissance then beginning to unfold there.

Nazi Excuses Not Believed

PERSECUTIONS OF CATHOLICS

BERLIN, Feb. 2 (Reuter)—The Vatican's denunciation of anti-Catholic persecutions by the Nazis was discussed in Berlin by a neutral correspondent.

VATICAN STATEMENT

It goes without saying, he points out, that the Vatican would be most careful not to make any statements of this kind which could not be fully substantiated in principle.

It is known in Berlin that many Catholic priests were arrested "for political activity" and even German Roman Catholics do not accept the excuses of the Nazis for the persecutions.

POLITICAL SITUATION IN INDIA

QUESTION ASKED IN COMMONS

LONDON, Feb. 2 (Reuter)—In the House of Commons yesterday, the Under-Secretary of State for India was asked about the political situation in India and about further discussions between the Viceroy and Indian leaders.

MEETING ON MONDAY

The answer was that Mr. Gandhi was meeting the Governor-General next Monday and that the Secretary of State had no further statement to make.

RANGOON QUIET

RANGOON, Feb. 2 (Reuter)—The streets of Rangoon were quiet yesterday morning following Wednesday's "peace procession" of Hindu and Moslem leaders.

Expansion Of Canada's Navy

PERSONNEL MORE THAN DOUBLED

LONDON, Feb. 2 (Reuter)—It was announced in London that the Royal Canadian Navy has more than doubled its personnel since the war began and expansion still continues.

BIG RESERVE

Men from the shores of the inland lakes are hastening to join and recruits from the provinces are now training alongside the natives of the Atlantic seaboard and British Columbia.

In due course from the depths of the interior men who never before looked on salt water will have been trained to serve seventy vessels to be constructed by Canadian shipyards.

FRENCH NAVAL PROGRAMME

PARIS, Feb. 2 (Reuter)—The extensive French Naval Building Programme is analysed by the Journal des Debats, which enumerates the following vessels under construction:

Four 35,000-ton battleships; two 18,000-ton aircraft-carriers; three 8,000-ton cruisers; twenty-nine destroyers; five large submarines; fifteen smaller; three submarine minelayers as well as mine-sweepers, gunboats and other auxiliaries.

Dry & Sunny January

The dry, sunny weather which had prevailed throughout December continued during the first two weeks of January; temperatures were above normal.

On the 15th there was a slight fall of rain, terminating a drought which had lasted for 49 days. This drought has been exceeded in length on only three occasions; the longest period on record without measurable amount of rainfall was 60 days, from November, 1909 to January 1910.

COLD SPELL

The remainder of the month was cloudier, but no more rain fell. A spell of cold weather set in on the 22nd, and temperatures remained below normal until the end of the month.

The mean temperature for the month was 81.00F, which is 1.30 above normal. A maximum of 77.2 was recorded on the 7th, and a minimum of 43.2 on the 24th. The mean relative humidity was 71 per cent, against a normal of 75 per cent.

193 HOURS OF SUNSHINE
Sunshine amounted to 193 hours, which is 48 hours above normal. Only 0.02 inches of rain fell during the month, the normal being 1.25 inches.

The maximum wind velocity in a gust was 46 m.p.h. at 9 p.m. on the 10th.

Two British Police Officers Wounded In Battle With Gangsters In Shanghai

SHANGHAI, Feb. 2 (Reuter)

Two British officers of the Shanghai Municipal Police were wounded and two gangsters killed in a fierce battle in the International Settlement last night. Detective Sub-Inspector R. M. Moly was hit three times and his life was saved by his steel-waistcoat deflecting two shots. The third penetrated his left arm.

Sergeant C. E. A. Cooks was seriously wounded in the upper chest.

BATTLE BEGINS

The battle began late in the evening when six gangsters robbed a shop. The alarm was raised and they were surrounded and they took refuge on the roofs opening fire on the Police. A force of 15 Police, including a Reserve Unit, surrounded the block in an all-night siege, while searchlights played on the roofs and windows and tear-gas was used.

FOUR CAPTURED

Four suspects were captured, beside the two killed, but this morning a house-to-house search was still being carried on for two more of the gangsters.

"STARVATION DINNER"

U.S. Girl Students Aid China

NEW YORK (Havas by Mail)—By eating chow mein and rice instead of their usual meat, vegetables, and dessert, girl students at Mt. Holyoke College saved enough money at a single meal to contribute \$125 to medical aid for China's war refugees. The "starvation dinner" which would have been an unimaginable feast to most of the refugees they are helping is part of a regular money-raising method the students use to contribute to various causes in which they are interested.

CHILDREN RETURN TO LONDON

LONDON, Feb. 2 (Reuter)—The Minister of Health, Mr. Walter Elliot, informed the House of Commons yesterday that thirty-six per cent of the number of children evacuated from London at the beginning of the war have returned.

Japan Plans Huge Naval Re-Armament

TOKYO, Feb. 2 (Reuter)

A Six-Year Navy Re-armament Plan, entailing an expenditure of about £585,000,000 was announced by the War Office and Navy Office.

It is stated that the plan is necessary for "the achievement of Japan's goal in China as well as to cope with future developments in the complicated international situation."

JAPAN REPLIES TO BRITAIN

TOKYO, Feb. 2 (Reuter)

The text of the Japanese reply to the British Note on Jan. 27, in connection with the Asama Maru incident was handed to Sir Robert Craigie yesterday by the Vice-Minister for Foreign Affairs.

It was agreed that the two notes will be published simultaneously as soon as the British Government has had time to consider the Japanese note.

MARTYRS' DAY COMMEMORATED IN MACAO

From Our Own Correspondent
MACAO, Feb. 1.—Flags during day and electric illumination at night decorated public buildings in Macao yesterday as the Portuguese Colony commemorated Martyrs' Day.

The anniversary dates back to Jan. 31, 1891, when the rumblings of the Republican movement were first heard in Portugal. The attempt to stir the country to revolution was quelled in Oporto on that eventful day and it was not until some twenty years later that the movement gained a permanent headway in the history of Portugal.

FEAST OF DON JOHN BOSCO

A religious procession, celebrating the feast of Don John Bosco, founder of the Salesian Order, was held here yesterday evening at the Salesian Institute. The celebration was attended by many local residents, in which many local priests participated.

RETIRED PRINCIPAL STUDENTS AT QUEEN'S COLLEGE PRIZE DAY

Prospects Of New School Building: Site Problem

ADDRESSING THE GATHERING AT THE QUEEN'S COLLEGE PRIZE DISTRIBUTION YESTERDAY MORNING in what he described as his formal farewell of Queen's, Mr. F. J. de Rome, M.B.E., B.Sc., retired Principal, exhorted the students, when they leave school, to fight hard to remedy the extreme poverty, disease and bad housing that they see around them now whether it be in Hongkong or in China proper.

Queen's had borne an honoured name in these crusades in the past (e.g. Dr. Sun Yat Sen) and he hoped the College will bear an even more worthy one in the future.

Mr. M. G. O'Connor, B.A., acting Principal, presided and among the gathering were Mr. G. P. de Martin, M.B.E., former Director of Education, Messrs. W. L. Handyside, M.A., B.Sc., and J. Ralston, M.A., Senior Inspectors of Schools, Mr. C. G. Anderson, President of the Queen's College Old Boys' Association, Mr. S. M. Churn, Mr. J. F. Gross and several others.

In the course of his address, Mr. de Rome said: I should like, first of all, to thank Mr. O'Connor for the honour he has done me in inviting me to present the prizes today—Queen's is usually honoured in this respect by Governors or other distinguished citizens, and, although I knew I should have to go through the ordeal of addressing you, I gladly accepted the invitation.

UNIQUE OCCASION This must surely be a very unique occasion in the long life of Queen's College, viz., for the Headmaster to be invited to present the prizes of his own school during his tenure of office, for, I suppose, in a way, I am still Headmaster, although engaged on other work at the moment.

During the last 15 years it has been my painful duty at times to make many comments on matters educational in Hongkong, and it is a pleasure not to have to do so now.

There is one thing however that I should like to touch on, something that is very near to my heart, and that is the question of the new Queen's College. You will remember how very pleased we all were at the Prize Giving last year at what H.E. the Governor said on the subject. Since then the war in Europe has come along and with it, a revised outlook on many things.

However, this week I have been making enquiries about the prospects of the new school, and I am very glad to be able to inform you that it is being actively pursued. The important question is that of site, and I am afraid this is difficult and will require much thought and foresight.

But in a modern building, surrounded, if possible, by playing

EXHORTS

fields, with her traditions and prestige extending over 70 years, with her wonderful array of valuable scholarships, and with the powerful backing of her influential 'Old Boys' Association, there is no doubt to my mind that Queen's would rise to even greater heights than she ever did in the past. And that means much both for Hongkong and for China.

After referring to difficulties with regard to the staff, owing to shortage, Mr. de Rome said, Now a few words to you boys. Your country is at war, and so is mine—but these wars will come to an end, sooner or later. I hope none of you will ever have to fight as soldiers—but, if you have any intelligence or any decency in your make up, you will have to fight other battles when you leave school.

You will have to fight, now the forces of dictators, but forces even more subtle and selfish, viz., the forces of greed, of bribery and corruption, of exploitation in all its forms; and, whether you find yourselves eventually in Hongkong or in China, I hope you will fight, and fight hard, to remedy the extreme poverty, disease and bad housing that you see around you now.

I think I have said enough on a serious strain. I should like to be more cheerful but it is difficult because I don't suppose I shall address you again in an official capacity. This, I am afraid, will be my formal farewell of Queen's. I arrived here in this building, 10 years ago this month, a long stretch in a man's life. I won't say any more except good-bye, or rather, au revoir, for with Mr. O'Connor's permission I shall certainly come up and see you sometimes before I finally leave Hongkong.

MURDER TRIAL EVIDENCE

Accused's Alleged Threat To Boy

Further evidence was heard before Mr. R. Edwards at the Central Magistracy yesterday in the case in which a 20-year-old blacksmith, Hui Yuk-mun, alias Ah Ngau, of the Royal Naval Dockyard, is charged with the murder of a 7-year-old boy, Li Ping-fai, at the hillside off Kennedy Road.

Ho Seong, grandmother of the deceased, said defendant occupied a bed-space opposite her room. She discovered deceased had a leather belt. A week after defendant accused witness' grandson of stealing the belt.

A week later witness was coming out of the kitchen when defendant accused deceased of stealing his hat. Defendant threatened to kill her grandson, one day.

Evidence was also given by Chung Hau, mother of the child, after which the hearing was adjourned to Monday, at 2.30 p.m.

Mr. E. H. Williams Crown Counsel, assisted by Det-Insp. L. R. Whant appeared for the prosecution.

Prize Day At Saiyingpun Vernacular Boys' School:

Hon. Mr. Li Tse-fong Presents Prize Tse-fong

THE CLOSING DOWN OF CERTAIN CLASSES IN KEEPING WITH THE GOVERNMENT SCHEME TO ELIMINATE THE NORMAL DIVISION OF THE SCHOOL was explained in detail by the Headmaster of the Saiyingpun Vernacular School for Boys, Mr. Li King-hong, in the course of his lengthy report on the activities of the institution at the annual distribution of prizes and certificates yesterday.

The Hon. Mr. Li Tse-fong presented the prizes to the successful students, and amongst those present were Mr. Y. P. Law (Inspector of Vernacular School), Mr. P. K. Kwok, Mr. Fung Ping-fan, Mr. Fung Ping-wah, Mr. Kwong Tze-ming and Dr. Au Tai-yuen.

ANNUAL REPORT The Headmaster said, in part: I have the pleasure of welcoming to our school this morning the Hon. Mr. Li Tse-fong to give away our certificates and prizes. I am sure that Mr. Li is cordially welcomed by my staff and boys as he is a Hok Tung of this school in his double capacity. He is a Chinese member of the Board of Education and a representative member of the Lan-Hok-Tuan which has generously continued to give us scholarships for the encouragement of our boys since 1926.

Since September, 1939, the title of our school has been changed by the Government into "Saiyingpun Vernacular School for Boys," a title perhaps more appropriate to indicate the locality where it sits.

Together with this change in name we abolished class Normal I and one section of class Higher Primary I in order to establish two new classes Lower Primary I and II with a view to the further abolition of class Normal II and one section of class Higher Primary II in Sept., 1940, so as to give place to two more new classes Lower Primary III and IV. This new scheme of the Government means to eliminate the Normal Division of this school so that each of our classes may lead up consecutively from the very bottom to class Higher Middle II.

Our maximum enrolment of the year under review was 252 and average attendance 98.45% against 245 and 97.79% respectively in 1938. This high percentage of attendance is most gratifying in that it reflects both our boys' regularity of work and their good general health.

STUDENTS' SUCCESSES In public examination all our ten boys in Higher Middle II, our present top form, entered for the

School Certificate Examination, and eight of them passed. I wish to point out here that our boys leaving from Higher Middle II are equipped with such standard of Chinese that may enable them to take Higher Chinese in their Matriculation Examination after going through class I in any of our sister schools.

Of the ten students in Normal I who sat for their Final Examination in July, six passed, and are going to receive their teacher certificates this morning.

It may be of interest for the public to know the proportion of time we spend in the instruction of Chinese and English. Our syllabuses are so graded that while emphasizing Chinese studies in the lower forms on the one hand, our boys should be able to follow up the English language by degrees in the course of promotion to the upper forms on the other hand.

MR. LI TSE-FONG The Hon. Mr. Li Tse-fong said (in part). From the report by the Headmaster which you have just heard I am glad to observe that the general health of the school was good and the work done during the year under review was quite satisfactory. Inland I consider it a very high percentage of success for eight boys out of ten in the Higher Middle II to pass the School Certificate Examination.

Such a high percentage of pass and brilliant result could only be achieved through the efficiency of the Headmaster and his capable and competent staff. I will, therefore, take this opportunity to offer them my hearty congratulations.

CULTURE AND MORALITY I agree with the Headmaster's remarks that a youth cannot be considered properly educated if his education falls short of a cultural and moral basis as the guiding principle in life. In the world we live today, it is only right that we should place our full faith in the final triumph of culture and morality.

TRINITY COLLEGE OF MUSIC EXAMS.

There is every indication that this year will see a considerably larger number of entries for the Trinity College of Music examinations than last year. The examinations are to be held here in May.

The names of 155 candidates were received up to Jan. 31 when the entries officially closed, but, with late entries, it is expected that there will be close on 175 candidates for this year's examinations. Last year there were only 135 but the highest number of entries recorded is well over 200.

The Examiner this year will be Dr. W. Lovelock who is new to Hongkong. It is believed this will be his first visit to the Far East.

HONGKONG, FEBRUARY 3, 1940

FIRST FIVE MONTHS

THE WAR IN EUROPE is five months old today. Much has happened since its beginning. But, fortunately for the world, the mass slaughter which it was expected, would characterize this conflict, has not yet eventuated.

INDEED, apart from the destruction of shipping and a few battles at sea, the struggle is still confined to diplomatic and economic manoeuvring. The search for raw materials, the blockade and counter-measures to it, and efforts to secure a more favourable realignment of neutrals—these are the chief weapons hitherto brought into play between Germany and the Allies. The famous "Blitzkrieg" has been attempted only in Poland, and there it has been eminently successful. But this was due to that country's lack of defences, the effectiveness of its ruling groups, the internal national conflicts by which it was rent, and the lack of diverse operations by Poland's allies. These conditions do not exist in the West.

IT IS INDICATIVE of the mixed character of the war that while Britain, France and Germany are the formal belligerents, the real military operations are going on in Finland, into which the Allies, as well as Italy and the United States are throwing money, materials and volunteers.

IN THE FAR EAST, too, active warfare continues between Japan and China, who is waging her struggle for liberation with ever greater success. The diplomatic fight for positions which comprises the present stage of the European war affects the international environment of the Eastern conflict but has not altered the aims and fundamental policy either of Tokyo or of Chungking. Russia is giving active assistance to China, whose prospects are further improved by American pressure on Japan.

HOW LONG THE STRATEGIC DEADLOCK on the Maginot Line will continue is uncertain. But it is hard to

RECONSTRUCTION WORK IN CHINA

Work For H.K. University Engineering Graduates: Request From Chungking

SPECIAL TO THE HONGKONG DAILY PRESS

"The Chinese Government at Chungking have informed the Hongkong University authorities that they are anxious to secure the services of Engineering graduates of this University for national reconstruction work in China"—so said an announcement from Mr. W. B. Finnigan, Registrar of the Hongkong University.

Seven Chinese graduates in Civil, Electrical and Mechanical Engineering answered their country's call, and are now building bridges, highways, and manning power-stations in Free China.

Their names are:—Mr. Chong Kia Tuan, B.Sc., Leung Kul Wai, B.Sc., Gue Tseng Chung, B.Sc., Fung Lok Hung, B.Sc., (all Civil Engineers); Mr. Ambrose Tan, B.Sc.; Mr. Chak Fuk Yat, B.Sc., (both Electrical Engineers); and Mr. Tong Chung Kwan, B.Sc., (Mechanical Engineer).

Offer of Services:

This was as a part result of a letter, addressed to Mr. W. B. Finnigan, Registrar, H.K.U., by the South West Transportation Company, Hongkong (June 21, 1939), of which the following quotation is of pertinent interest:—

"With reference to your recent graduates in engineering, who are anxious to offer their services to the country, we have just received an advice from our Kunming Office that four graduates in civil engineering and three in electrical be immediately chosen and sent to Kunming for appointment."

Difficult Time:

According to Mr. Finnigan these seven engineers were all concentrated last summer in Kunming, but are now scattered at Chungking and other districts. Upon their arrival in Free China, they had a hard and discouraging time for a while, because they were set to tasks not their own training and specialty. Civil engineers who manned motor cars, lost heart, while mechanical engineers were appointed to electrical jobs.

However, this deplorable position was explained by the Registrar to Chungking, and through the good offices of two influential persons in the Chinese Government the situation was corrected. This was accomplished through Mr. Han Lih Wu, Chairman of the Board of Trustees for the Administration of the Indemnity Funds Remitted by the British Government, and Mr. L. Li, of the Industrial and Mining Adjustment Administration, Ministry of Economics, Chungking, China—the latter of whom was instrumental in placing the candidates to jobs according to their abilities.

Patriotic Work:

Besides the seven engineers already doing their bit for war-time China, another graduate, Chang

believe that the next few months will see either a major conflict of the armies now watching each other from strong defensive positions. The cold winter, the desire to accumulate reserves, the continued importance of the diplomatic weapon, and even such circumstances as the greater amount of fuel per mile needed by the petrol-starved mechanized units of the Nazis under present weather conditions—all these militate against the early outbreak of fierce land fighting. Decisive air actions, too, can hardly be expected at the moment. German raids on the British Isles have been terribly expensive—the average casualties being 30 per cent. of the bombers engaged. The Messerschmidt fighter has proved definitely inferior. Moreover, Northern Europe is blanketed, until the late spring, in thick fogs.

ALL THESE THINGS indicate that active and sanguinary fighting will not come for some time. Although, at the moment, this can only be regarded as a postponement of the actual military trial of strength, it is a postponement for which millions with fathers, sons and brothers at the fronts will be profoundly thankful.

Tock Wing, B.Sc., is working with the Chinese Industrial Co-Operatives in Kwangsi. Mr. Tsai Yin Pei, B.Sc., a Civil Engineer has left Hongkong to join the Szechwan-Yunnan Railway in Kunming, Yunnan.

Proving how popular and patriotic the national reconstruction work in China is turning out to be with the local men—the fact that only a few days ago the Registrar received another application from a Civil Engineering graduate, Mr. Lo Hung Pok, B.Sc.

Nevertheless, candidates for patriotic service have not only been confined to the engineers. Under the auspices of the Hongkong University Medical Relief Association, two medical graduates, Dr. Philip Moore, M.B., B.S., and Dr. Cheng Kwok Kew, M.B., B.S., have gone to Kwellin, Kwangsi, to work under the guidance of Dr. Robert Lim, Head of the China Red Cross, formerly of the Peiping Union Medical College, Peiping. Another two H.K.U. men, Dr. Chia and Dr. Hua, were sent as far back as two years ago to work with the League of Nations Anti-Epidemic Unit Hunan.

Urgent Need:

Confirming modern China's urgent need for more men in the medical profession is a graphic letter received by the Registrar from Mr. C. J. Shih, Managing Director of the Hunan-Kwangsi Railway (Hengyang-Kwellin Section), Hengyang, Hunan, which in part says:—

"This Railway is in need of two young doctors in the Medical Service . . . and take the liberty to inquire whether some of the medical graduates are willing to take-up these positions.

Candidates must be responsible and hard workers, and must have at least one or two years' practical experience in one of the well-equipped hospitals. The salary to start with is M\$150.00 plus M\$15.00 war-time allowance per month. He has to pay for his own board and travelling expenses, but lodging will be provided for a single man . . . Place to report to work will be either Hengyang or Kwellin."

Spirit Of Northumberland And Durham Will Prevail: Annual Dinner Of Assen.

"We must remember the difficult times being experienced by those at home, but nevertheless the shipbuilder will continue to build his ships and the fisherman to fish. There is the spirit of Northumberland and Durham, and the spirit of Northumberland and Durham will prevail."

With these striking words Prof. W. Fald concluded his address to the gathering at the first annual dinner of the Northumberland and Durham Association of Hongkong at the Peninsula Hotel last night.

There was an attendance of over 200 members and guests. The President of the Association, the Rt. Rev. Ronald Hall, Bishop of Hongkong, presided, and proposed the Loyal toast.

The Harmony Three provided a song and guitar item before Prof. Fald was called upon by the President to make his address.

Prof. Fald opened by saying he would not attempt to talk in Tyneside. He dwelt on the progress of the Association and said that the Association's dinner was the first official gathering of the year. These gatherings provided facilities for the members to mix and get to know each other. The committee and future committees will be directed to hold a dinner every year.

DEMANDED MONEY WITH MENACES

PRISON FOR WATER POLICE STOKER

"Your Worship, could it be arranged that this man be given a separate cell? Prisoners have a nasty habit of getting their own back on former members of the police force," Mr. C. A. Sutherland said, appearing for To Kan, a stoker of the Water Police, requested of the Magistrate, at the Kowloon Court yesterday.

Mr. E. Himsforth passed sentence of four months' hard labour on To, who was convicted on a charge of demanding \$3 with menaces from a man named Tsui Yuen, with intent to steal the same.

DEMANDED \$3

Det.-Serge. Johnson, prosecuting, said that on January 17, the complainant, who was in a boat, was approached by To, in another boat, and asked what he was selling. Complainant replied it was wood oil. To then demanded \$3 tea money.

When complainant refused, To told him: "Come with me to Yau-mati Police Station." Complainant accompanied To to the pier at the end of Waterloo Road. Here defendant asked him how much he was going to pay.

MEETING ARRANGED

Complainant agreed to pay \$2 and a meeting was arranged for Jan. 21, in Bedford Street, when the money would be paid over. On Jan. 17, complainant made a report of the incident to the Police. He was given three marked \$1 notes and told to keep the appointment.

On Jan. 21, defendant was followed from the meeting place by three Chinese detectives and arrested when the marked dollar notes were found on his person.

SAILED ON HER BIRTHDAY

Miss Olivia Taft, of Chicago, a grand-niece of the late President William Howard Taft, selected a ship named in honour of her famous relative for her first voyage to the Orient.

Miss Taft sailed from Los Angeles on Jan. 3 on the s.s. President Taft, en route to Peking to visit relatives. Incidentally, this sailing date was her own birthday. Miss Taft told Mr. Leo Mathews, American President Lines agent at Chicago, that she had intended sailing earlier in the year, but that she purposely waited for the ship named for her grand-uncle.

The following were recently elected officers of the Royal Society: President, Sir William Bragg; Treasurer, Prof. T. E. Merton; Secretaries, Prof. A. V. Hill and Prof. A. C. G. Egerton; Foreign Secretary, Sir Albert Seward.

Canada's Contribution In Aerial Defence And Offence In Present War

THE AIR RECORD OF CANADA IN THE LAST WAR, and the gallantry, self-reliance and mechanical skill of Canada's youth kindled the imagination and fired the enthusiasm of allied nations. As a result, much interest has been aroused as to Canada's contribution in the present war in the matter of aerial defence and offence.

It is a well known fact that many Canadian flyers are attached to the Royal Air Force and have already distinguished themselves in the operations to date.

Furthermore, Canada is taking an active part in the Empire air scheme whereby large, but as yet unannounced, numbers of flyers from the United Kingdom, Australia, New Zealand and Canada, will receive their advanced training in this Dominion.

The Royal Canadian Air Force has expanded considerably in recent years. The peace establishment of the Royal Canadian Air Force, as authorized in 1921, provided for 1,340 officers and 3,905 airmen, although as late as 1934 the strength included only 190 officers and 1,115 airmen, and there were no more than 172 aircraft available for a wide range of duties.

15,000 AIRMEN

A spokesman for the Canadian Department of National Defence recently announced that "some conception of the progress achieved in little more than three years may be obtained from figures representing the present war establishment, consisting of 1,500 officers and 15,000 airmen, and the knowledge that material advances have been made even since the actual declaration of war by Canada on September 10."

The functions of Canada's peace-time air force are almost exclusively instructional. It consists of headquarters at Ottawa, and of what is, in effect, a school of aviation. Under peace-time conditions, there is no permanent establishment; there are no embodied units; and service formations of thirteen squadrons exist only upon paper.

In civil aviation, however, Canada has developed a large reserve of airmen during recent years. Total investments in Canada in civil aviation at the close of 1938 was \$10,648,513. There were then 1,255 licensed private and commercial pilots and 643 licensed air engineers.

The gathering was then entertained to items by the following artists:—Miss Doris Blair, Miss Kathleen Cooper, The Harmony Three, Mr. Gaston D'Aquino, Mr. Len Jordan, Mr. David Kossick, Mr. F. Marvin, Mr. H. Peasegood and Mr. Hector Wiggins. The accompanists were Miss Manda Waller and Mr. Austin.

Net Sales Of American Securities By Foreigners

WASHINGTON, (Havas by Mail)—In the month after Europe went to war, net sales of American securities by all foreigners exceeded their purchases by only \$1,287,000. This, fact, disclosed recently by the Treasury Department, indicates that machinery set up by foreign governments to assure orderly liquidation of their nationals' in this country operated with considerable success.

The figures disclose that foreigners made net purchases of American securities of \$17,500,000 during the first two weeks of the European war, but in the second two weeks they had excess sales over purchases of \$14,800,000.

The Treasury Department bulletin also shows net sales during September of American securities by United Kingdom citizens over their purchases were \$23,072,000 while the total net sales for Europe were only \$6,692,000.

The small net in total sales of American securities by all foreigners during the month is accounted for by large purchases of Dutch, Swiss and Far Eastern investors.

SOMETHING NEW IN GERMAN CAMPAIGN AGAINST SHIPPING: AIRCRAFT CARRIES TWENTY BOMBS

Commercial Manufacture Of Nylon Is Under Way

NEW YORK (Havas by Mail).—Regular commercial manufacture of nylon—the new silk substitute—began at the first unit of the new du Pont plant at Seaford, Delaware, just before Christmas.

Production of the yarn was originally scheduled to begin in 1940 but was advanced by several weeks because the plant was finished well ahead of schedule. It has been under construction since last January 20.

Operations will proceed slowly, gaining speed as experience develops with equipment and personnel, the company announced. On the first day a single spinning machine was started and the product is being minutely observed and proved before other machines are put to work.

FLUSHING, Feb. 2 (Reuter).—It is revealed that twenty bombs were dropped by a big German aircraft, which bombed and machine-gunned the unarmed British steamer Highwave on Jan. 30. According to information gathered from members of the crew, the bombs were dropped in groups of five from a height of 1,000 feet.

Aviation circles here point out that a machine capable of dropping twenty bombs is something new in the German campaign against shipping. The bomber involved is believed to have been a four-engined military version of a commercial craft.

NEW SUPER PURSUIT PLANE

Special to the H.K. Daily Press WASHINGTON, Feb. 2 (Havas).—A new super pursuit plane, equipped with a 37 millimetre cannon and four machine-guns controlled by the pilot, was successfully tried out before military experts.

The machine is capable of attaining a speed of 415 m.p.h.

LONDON, Feb. 2 (Reuter).—Details of an attack by a German bomber on the 5,000-ton liner City of Bath, off the Scottish coast on Tuesday, were revealed yesterday.

RAIDER HELD OFF

The bomber was held off by the ship's defence gun in the stern, but, during the attack, lasting a quarter of an hour, the machine dropped six bombs and raked the port side and bridge with machine-gun bullets.

One heavy bomb fell within fifteen feet of the ship's side and the vessel was shaken, but there were no casualties.

Soviet Envoy Has Long Talk With Cordell Hull

Special to the H.K. Daily Press WASHINGTON, Feb. 2 (Havas).—Some significance is attached to the long conversations that the Soviet Ambassador, M. Constantin Umaniski, held with Mr. Cordell Hull, United States Secretary of State, upon instructions from the Kremlin.

Questioned regarding the issue of the meeting, M. Umaniski merely stated that he did not hand any written communications from his Government and refused to divulge the nature of the parleys. Mr. Hull told the press that the talk was carried on on general lines and that no definite decisions have been adopted.

Norwegian Woman Shot In Hold-up

SHANGHAI, Feb. 2 (Reuter).—Mrs. E. Krogseth, a Norwegian, was shot in the arm on the extra-Settlement road, in the western district this morning, when she resisted a hold-up by three armed Chinese.

A Municipal motor-cycle patrol arrived on the scene just too late, the gunman decamping down one of the alleyways leading into the "badlands."

RUSSIAN WOUNDED

F. Malinovsky, a Russian member of the French Concession Police, was found last evening wounded in the chest, in an alleyway in the Concession, and is now lying in a serious condition. It is believed that hitherto no motive has been found for the shooting.

Admitting the theft of two motor pumps, the property of Isaac Hardoon of No. 18, Village Road, Chan Wing, 22, and Cheung Hung, 25, were ordered to be expelled from the Colony as destitutes by Mr. H. G. Sheldon at the Central Magistracy yesterday.

BALKAN ENTENTE REMAINS

BELGRADE, Feb. 2 (Reuter).—The Balkan Conference had a half-hour talk when the Foreign Ministers of Greece, Rumania, Turkey and Yugoslavia met today.

The first act of the conference was to decide that the Balkan Entente should be continued.

Unless any member State notifies its withdrawal one year previous to its expiration the pact will immediately continue in being for another seven years.

No such withdrawal was announced by Feb. 1 and the conference consequently gave its approval for it to remain in being.

CHARGE FOR ISSUING OF "NAVICERTS"

N.Y. Exporters Complain

NEW YORK (Havas by Mail).—New York exporters have complained directly to British Consular authorities over the uniform charge made for the issuing of "navicerts" to cover shipments destined for the European war zone.

Although the majority of shippers are taking advantage of the opportunity to obtain certificates, they object to the fee of \$2 imposed regardless of the value when less than 800 tons are involved.

It is asserted that when the value of a consignment is of considerable amount, the expense is of little consequence, but on occasions when it is \$50 or \$100, the charge is out of proportion. It has been suggested that the fee be imposed on a graduated scale.

RED CROSS SYMBOL

STOCKHOLM, Feb. 2 (Reuter).—The Swedish Red Cross has decided to ask the International Red Cross Committee to investigate the waging of aerial warfare against the civil population of Finland and violations of the Red Cross symbol of the Geneva Convention of which the Russians are alleged to be guilty.

It has also decided to assist in connexion with the removal of the sick and seriously wounded to Sweden.

U.S. CAMPAIGN

NEW YORK, Feb. 2 (Reuter).—Major-General John O. Ryan, Commander of an American division in the Great War, announced that he has accepted the chairmanship of a nation-wide campaign to raise funds to buy military supplies for Finland. The campaign will begin on Feb. 15.

WANG'S "PEACE" TERMS DENOUNCED IN LONDON

TWO COMMISSIONS FOR "MANCHUKUO" — MONGOL BORDER

TOKYO, Feb. 2 (Reuter).—The Soviet, Outer Mongolia, Japan and "Manchukuo" have agreed to form two general commissions to deal with questions connected with the "Manchukuo"-Outer Mongol border, it was revealed, at this morning's press conference, by a Foreign Office spokesman.

The first commission, he said, will negotiate the boundary limitation questions generally, while the second will deal with border disputes. It is expected, he added, that the commissions will convene in the near future.

TWO NEW U.S. TRANSPORTS FOR FAR EAST

SHANGHAI, Feb. 1 (Int'l).—Two new U.S. Navy transports will be added to the regular monthly service between the Pacific Coast and the Far East beginning from early summer in view of the infrequency of the usual service.

The U.S.S. Marblehead, light cruiser, has left Shanghai for Manila and is expected there tomorrow but will return here during the latter part of this month.

The river gunboat U.S.S. Guam, which has been stationed in Hankow will return to Shanghai on February 5, arriving here with the U.S.S. Luzon, flagship of the Yangtze Squadron, which took the U.S. Ambassador, Mr. Nelson T. Johnson, on an inspection visit of the Yangtze. The Guam is replaced as station ship in Hankow by the U.S.S. Oahu which went up river as escort to the Luzon.

GERMAN PRIEST KILLED

SHIUKWAN, Feb. 1 (Int'l).—A German priest was killed by Japanese troops when he entered Chingyuan, on the North River and west of the Canton-Hankow Railway, during the early part of last month.

Refugees were hiding in a German Catholic Church was searched by enemy troops who removed belongings of the people despite the remonstrances of the Catholic father. Three women were assaulted and killed.

The Kwangtung Provincial Government is making a full enquiry concerning the death of the German missionary.

Two Special Indian Guards of the Pokfulam Police Station appeared before Mr. H. G. Sheldon at the Central Magistracy yesterday on a charge of receiving a bribe of \$2 in Telegraph Bay on January 30. They were Sarah Khan, 26, and Bonslan Khan, 21, who were represented by Mr. M. A. da Silva. Hearing was fixed for Feb. 16 and bail was granted in the sum of \$200 each.

CHINA CAMPAIGN PLEDGES SUPPORT FOR GEN. CHIANG

LONDON, Feb. 2 (Reuter).—The China Campaign Committee has issued a long statement "denouncing unconditionally the so-called peace terms recently discussed with the Japanese authorities by Wang Ching-wei."

SUPPORT FOR CHINA

The Committee fully supports the announcement made by Generalissimo Chiang Kai-shek on Jan. 23 and pledges itself to endeavour to prevent, in any form whatever, recognition by the British Government, of any puppet government; under Wang Ching-wei and to obtain support, both of the British people and the Government, for the Government of Generalissimo Chiang Kai-shek.

"Peace" Principles Broken

CHUNGKING, Feb. 2 (Central).—Erstwhile followers of Wang Ching-wei accused him of having broken the principles for the "peace" movement laid down at a secret meeting of his Inner Council prior to his flight from Chungking in December 1938.

These principles are, as follows:

(1) After his departure from Chungking, Wang will not set foot on Shanghai, Hongkong or Japanese "occupied" territory, but go to Italy.

(2) The "peace" movement will be conducted on the principle that the National Government will assume full leadership either in continuing the war or in negotiating peace.

(3) Wang will refrain from organising any new party within one year.

\$3,000,000 SUBSIDY

They claimed that as a result of the persuasion of Chow Fu-hai, and Sadaki Kagesa, Wang left Hankow for Shanghai and planned for the organisation of a bogus Kuomintang and a bogus Central Government.

Without the approval of his Inner Council he even accepted a monthly subsidy of \$3,000,000 from the Japanese for his activities.

Wang's claim that he became suspicious of the attitude of Kuo Tsung-wu and Tao Hsi-sheng in November, 1939, and subsequently red them from important negotiations was refuted by those close to Kuo and Tao.

They said that both Kuo and Tao had taken part in all important negotiations as they had been Wang's right-hand men, having followed Wang for eight and seven years respectively.

News of further outrages by Japanese against Chinese junks, off San Mei, were reported by victims who were rescued and brought to the Colony on Thursday night.

MISADVENTURE VERDICT AT SHAI INQUEST

SHANGHAI, Feb. 2 (Reuter).—A verdict of death by misadventure was returned by the Coroner, Mr. C. N. Haines, in the British Police Court, yesterday, at the inquest of Duncan E. Crank, twenty-one-year-old Shanghai-born British Probationary Sergeant of the Municipal Council Police, who was accidentally shot by a Chinese constable of his own squad on Jan. 10, when he was trying to settle a quarrel at the General Post Office.

"The trouble was due to the Chinese constable losing his head," said the Coroner in exonerating the policeman who fired the shot.

JAPAN'S ATTEMPT TO ALIGN GERMANY & ITALY AGAINST BRITAIN AND AMERICA

The influential TA KUNG PAO, in an editorial yesterday, describes the Diet speech of the Japanese Foreign Minister, Mr. H. Arita, as "disappointing" in that it had nothing new, but many contradictions.

His references to the cultivation of Japanese relations with the United States, Great Britain and Soviet Russia were vague, while in regard to the disposal of the "China Affair," he failed to bring out any new ideas, the journal declares.

On the one hand, he expressed the hope to consolidate relations with anti-Comintern countries, while on the other hand, he was anxious to normalise relations with the Soviet Union.

Again, while hoping to realise "neighbourly amity" with the United States, he stated that Japan would proceed with the construction of the "new order in East Asia."

MORE "SINCERITY"

Throughout the speech, the journal states, the part showing more "sincerity" was perhaps that dealing with Japan's relations with Germany and Italy. This indicates that Japan's future foreign policy will lay special emphasis on solidifying relations with these two countries in an attempt to rectify her present isolated position.

The journal believes that the real reason prompting Japan's desire to revive the anti-Comintern Axis which is now virtually dead is to align with Germany and Italy against Britain and the United States.

JAPAN'S "BAIT"

The NATIONAL TIMES describes

MAJOR NAZI MOVE IN SPRING CERTAIN

BERNE, Feb. 2 (Havas).—As further confirmation of the opinion prevalent in Europe that the spring will bring an offensive on the Western Front, the Berlin correspondents of Swiss newspapers report frequent conferences in the last few days between Chiefs of the German Army, Navy and Air Force.

The correspondent of the Corriere del Ticino adds that a major German offensive in the near future is almost certain.

The Reich, the correspondent says, must try to bring about a decision before next winter, a period it could hardly face owing to the increasing difficulties in obtaining raw materials.

CHINESE ARCHITECTURE: INTERESTING LECTURE BY MR. KUO YUAN-HSI

HOUSES PLANNED IN THE PATTERNS OF MECHANICAL ASSEMBLY, WITH VARIATIONS TO SUIT THE INDIVIDUAL NEED, and constructed by mass production methods by using the unit system based upon standard plans, are advocated by Mr. Kuo Yuan-hsi, M.A., formerly Officer-in-Charge of Canton's Parks and Public Gardens.

In the course of an address at a meeting yesterday of the Sino-British Cultural Association, at the Fung Ping-shan Library of the Hongkong University, he voiced the belief that they would form a foundation upon which a new Chinese architecture would solidly grow and which would also revolutionise the living conditions of the entire population.

Architecture, as the term was discussed and employed in the present day, never existed in the history of ancient China, said Mr. Kuo. Houses were built by masons, carpenters, ironsmiths and master-builders. They were the architects of the time. Engineering was calculated from experience.

When a man wanted a house built, he merely informed the chief mason of the number of rooms he wished, of the size of his family and his personal hobbies. For the rest, the mason knew how to fix up every detail according to the needs of the occupants.

The master-builders had a system of their own, a system which was followed by all craftsmen of the same trade and which was based upon tradition. It was a system, said Mr. Kuo, which was as modern as the unit system of construction that became known in America only about 25 years ago.

NUMBER OF BEAMS

According to this system, a house was built according to the number of beams. This determined the width of the house, and horizontal beams also determined its depth. There was a set rule for every detail in the building trade. Even in the method of construction and decoration, there was a technique that corresponded to the modern method of standardisation.

After discussing the contemporary architecture of different countries in various ages, and strongly condemning those who confused and transplanted styles, Mr. Kuo, could be simplified or eliminated, and limited only to city planning.

The result of such modern methods of planning, construction, production, transportation and proper use of materials, and of sanitary improvement, would provide a right basis for a modern Chinese architecture. The local customs, climatic differences, topography and natural elements that would affect the buildings, would give fine opportunity for architects to design with variations.

CATHOLIC NEWS & NOTES

ASH WEDNESDAY CELEBRATIONS: THE WAY OF THE CROSS: PAPAL COINS

NEXT WEDNESDAY IS ASH WEDNESDAY AND WITH IT THE SEASON BEGINS. This year, as the Chinese New Year occurs this week, the usual fast and abstinence are dispensed for the first fifteen days of Lent.

The religious celebrations will take place as usual. There will be the blessing and the distribution of the ashes on Wednesday, and there will be the "Way of the Cross" in all the churches every Friday.

The prayers used in blessing the ashes are very ancient ones and the custom of blessing and distributing the ashes on this day goes back at least to the tenth century. In books of the eighth century the name "The day of ashes" is applied to the first day of Lent.

The practice of putting ashes on the head was a sign of mourning among many races and it was adopted as a sign of penance, or mourning for sin, in the early Christian Church. It was usually a part of the public penance imposed for public sins.

As the Lenten season is mainly intended as a period of penance for sin and a reminder to all men that they are sinners, it begins appropriately with this sign of penance.

WAY OF THE CROSS. The "Way of the Cross" or the "Stations of the Cross" as it is alternatively called, is one of the most popular devotions connected with the festival of Lent. It represents a visit to the places sanctified by Christ's journey to Calvary, bearing His Cross, and, apart from the reading of the Gospel story, it has done more than anything else to make Catholics familiar with the closing incidents of the Passion.

From the earliest days of Christianity the "holy places" of Palestine were regarded with reverence, and from the days of Constantine it became a regular practice for people who could do so to go in pilgrimage to visit them, and by the fourteenth century there was

in Jerusalem a well-defined VIA SACRA or "Sacred Road" along which pilgrims generally went in order to include most of the places associated with Christ's last journey.

The "stations" include these places with one exception, the "ECCE HOMO arch." This was the site of the spot on which tradition said Pilate brought out Christ, crowned with thorns, and pointed Him out to the people with the words "Behold the Man!" It is not included in the present Way of the Cross, because the scenes depicted in it begin with the condemnation of Christ, which took place after that incident.

PAPAL COINS. The announcement of a new issue of coinage for the Vatican City has revived interest in the coins that were struck by various Popes in the past. Their general form is fairly well defined by tradition. The image is generally that of Christ or the Apostles, or sometimes of other saints. The superscriptions are generally texts from the Scriptures and are chosen because of their particular appropriateness to the time.

The most remarkable of the coins at present in use is the 100-lire gold piece. It was the first to bear the image of Christ as King, for it followed the institution of the Feast of Christ's Kingship by Pope Pius XI. It bears the words "NON PRAEVALEBUNT" "They shall not prevail," a reminder of Christ's promise to the Church and its preservation from enemies.

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONGKONG

The subject of the Lesson Sermon in all Christian Science churches tomorrow will be:—"Love."

The Golden Text will be:—"The love of God is shed abroad in our hearts by the Holy Ghost which is given unto us." (Rom. 5:5)

Among others the following citations will be read from the Bible:—"The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with loving kindness have I drawn thee. The Lord the God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing." (Jer. 31:3; Zeph. 3:17)

The following citations will also be read from the Christian Science Text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:—"Love is impartial and universal in its adaptation and bestowals. It is the open fount which cries 'Ho, every one that thirsteth, come ye to the waters.' God is Love. Can we ask him to be more? God is intelligence. Can we inform the infinite Mind of anything He does not already comprehend? Do we expect to change perfection? Asking God, to be god is a vain repetition." (Pgs. 13,2)

NEW YORK COTTON

Trade demand broadened, encouraged by higher foreign cables and more favourable domestic political news.

A good demand for actual cotton was in evidence.

NEW YORK RUBBER

The market was quiet but steady. Shipment offerings were larger, but at higher prices. The market acts well and apparently would respond well to any improved demand.

CHICAGO WHEAT

Extremely dull. There were heavy snows in the South-West. The market is now awaiting some new incentive.

NEW YORK HIDES

Packers are reported to be holding out for steady and higher prices.

**Man Conquering Nature
Faster Than Himself**

NEW YORK (HAYAS BY MAIL)—THE DECADE OF THE
THIRTIES BROUGHT WAR IN CHINA, WAR IN EUROPE, DE-
PRESSION EVERYWHERE AND ALL THE CONCOMITANT ILLS
that will not make it the most pleasant ten-year period to re-
member. But it also witnessed scientific and technical advances
that prove man is still doggedly pitted against nature and con-
quering it faster, perhaps, than he is conquering himself.

Some of the things we secured made from acetylene gas.
by 1939 that the world lacked, or
only dreamed of in the "good old
days" of 1929 were:

Trans-oceanic air traffic across
both the Pacific and Atlantic
oceans.

30-passenger four-engine sleeper
planes, with 2,000 H.P. motors, in-
stead of the 400 H.P. ships of ten
years ago.

A brand new technique of
oil refining that will transform
the oil industry into a synthe-
tic organic chemical industry
which will mean plant ex-
penditures of hundreds of mil-
lions in the 'forties.

New synthetic textile fibres, like
nylon, destined to make silk
superfluous.

Industrial felts and textiles, visible glass, fibre glass.

Synthetic rubber, ready for in-
dustrial use, when needed.

CURE FOR PNEUMONIA
Sulphanilamide and sulphapy-
ridine, drugs that cure the deadly
pneumonia and conquer the deadly
streptococcus germs and, possibly,
many others.

Synthetic vitamins and hor-
mones, new organic chemicals
formerly thought to be mysterious
products of living organisms.

Multi-million vote X-ray atom-
smashers, disclosing the structure
of the molecule.

Modulated frequency radio
broadcasting, which does away
with static.

Television, coming slowly along.
Safety glass, polarised glass, in-
dustrial felts and textiles, visible glass, fibre glass.

**LADIES' FIXTURES WILL
MAIN ITEMS IN SUNDAY
SOFTBALL PROGRAMME**

**Close Game Anticipated
In Pirates-Panthers Clash:
Charity Match Rehearsal**
BY "R.O.Y."

With the Men's schedule badly disrupted by the Volunteer camps, the Ladies' fixtures will again be the main items on this week's softball programme.

In the first of three games at the Prince Edward Road ground, the Canadian Chinese ladies should move nearer this season's pennant with an easy win over the Cubs.

The latter gave the fans "food for thought" when they upset the Baby Panthers last week, and with "Granma" Hutchinson hurling improved ball, might well give the Canucks quite a battle. Possible but hardly probable.

CLOSEST GAME

The closest game should be the Pirates clash with the Baby Panthers at noon. These two squads are fighting for leadership of the second division, with the Buccaneers only half a game ahead; both have been responsible for some excellent displays this season and the chances here are very even.

THE NIGHTCAP

The cellar-holding Redbirds tangle with the Ball Club femmes in the nightcap. "Doc" Molthen hasn't turned out at the last few games that his Cardinals have played, and I'm wondering if their displays have discouraged him so much that "Doc" has given up hopes of ever curing him of their exceedingly erratic ball playing.

OTHER GAMES

Even with their coach out there, though, it is doubtful if the Cardinals will give the Ballgirls much of a fight.

The only other ladies' game will be the Wahcoos-Recreio fixture which is scheduled for 10.30 a.m. at Recreio.

The Green Owls won handsily at their previous meeting, but only after Rec Coach Luiz Rocha had pulled a fast one that enabled the Ramblers to stage a big, but unavailing, last inning rally.

The Wahcoos will be looking out for funny business, this time, but the Ramblers, having acquired the services of several youngsters who have made quite a considerable difference in the outfield strength of the team and should, at least, put up a gallant struggle.

MEN'S GAMES

The Recreio Bees entertain the Trojans, in the first of the Men's games, at noon, and should have little difficulty in taking the points. I haven't any news as to who will take over the catching job, although a change is indicated as Mike Mendonca will probably play the rest of the season receiving for the Aces.

DERBY MATCH

In the opener of a double-header at the C. B. A. ground, Chung Hwa take on the English Forumers in another Chinese derby match. Having lost to the Canadian Chinese, the Chung Hwa boys will be out to show that, even if they are not the best, they are certainly not the worst of the Chinese clubs.

The Forumers have been greatly heartened by their win over the Machine Gunners, but are not expected to be in the hunt against the experienced Chung Hwa gang.

The nightcap will see the Filipino Club opposed to the Mindanao, if the latter are in port.

DRESS REHEARSAL

Added entertainment for the softball fans will be the full dress rehearsal that the Ladies are holding for the Charity Match on Feb. 9.

The selected teams are requested to turn out at the Recreio field at 1.30 p.m.

ONE HONG MATCH

Only one Hong fixture has been arranged; the Royal Air Force taking on the American Express boys on the home ground.

The Flyers have lost the services of Hurler Jack Baynam and third-sacker "Kong" King who have left the colony, and this news is likely to give the Amexco boys the hope that a win is not as improbable as they had thought.

THE PROGRAMME

The full programme and umpires follows:

PRINCE EDWARD ROAD
10.30 a.m.: Canadian Chinese v. Cubs, Umpires: F. J. Molthen, N. A. Beltrao and C. M. Xavier.

12 noon: Baby Panthers v. Pirates, Umpires: W. Woo, J. Delgado and H. Quon.

1.30 p.m.: Ball Club v. Cardinals, Umpires: W. Woo, J. Delgado and H. Quon.

RECREIO GROUND
10.30 a.m.: Recreio v. Wahcoos, Umpires: Nip Lum, Tuffy Chin

**CURTAILED
WEEK-END
FOOTBALL**

Owing to the Volunteers being in camp, there is a curtailed programme of football for the week-end. According to the fixtures announced on Thursday, there will only be one game this afternoon when South China "A" will meet the Navy at Caroline Hill in the second round of the Senior Shield.

Judging from their recent meeting in the Lai Wah Cup, South China "A" (then reinforced by several "B" men) should have no difficulty in entering the next round. The Senior Service, however, are expected to offer strong resistance.

Much will depend on Robinson (in goal) and the Navy's defence and, if they should find their best form, I will not be surprised if they run the holders to an odd-goal result.

LEAGUE GAMES

Tomorrow, on the Club ground, Eastern and South China "B" should be seen in what ought to be a great League battle. It will be remembered that at their first meeting Eastern won 2-1, the winning goal being scored by Han Ching-to in the last minute.

With the Caroline Hill men going all out to avenge their previous defeat, this game should attract a large following, though it will have no bearing on the championship.

Since the return of Chan Tak-fai, the South China attack has livened up considerably and, with Kwok Ying-ki and Yeung Shu-yick, will supply the main source of danger for Eastern's defence.

EASTERN FAVOURED

Eastern, on the other hand, possess one of the best forward lines in the Colony and play a very fast game. For this reason I favour Eastern's chances more.

The other match tomorrow is between Kwong Wah and the Police at Boundary Road.

In view of Kwong Wah's bad form at the present time and that the Police defeated the electricians once before, the guardians of the law will enter the field slight favourites but a draw is more probable.

**TARLETON WINS
FEATHERWEIGHT
TITLES**

LONDON, Feb. 2 (Reuter).—Ned Tarleton won the British and Empire Featherweight titles for the third time in his career by beating Johnny Cusick, the holder, on points in a thrilling fifteen-round fight.

**DOLLAR SWEEP
ON DERBY**

The dollar sweep on the Hongkong Derby being conducted by the Hongkong Jockey Club in aid of the British War Organisation Fund is reaching high proportions and, if the sale of tickets continues at its present brisk rate, there is every promise that the \$300,000 mark may be reached, or even exceeded. So far over 147,000 tickets have been sold.

and T. Young.

12 noon: Recreio "B" v. Trojans, Umpires: H. Campos, D. Bautista and R. Laurel.

1.30 p.m.: China v. Rest (Practice match) for Ladies' selected teams.

C.B.A. GROUND
12.30 p.m.: Chung Hwa v. English Forum, Umpires: J. Alvarez, G. Gurevitch and J. Higgins.

1.45 p.m.: Filipino Club v. Mindanao, Umpires: A. R. Kitchell, T. Young and G. Gurevitch.

10.30 a.m.: Royal Air Force v. American Express.

**AGAIN BE
BADMINTON
LEAGUE**

**St. John's Defeat
Recreio "B"**

St. John's beat Recreio "B" by eight games to one in a Mixed Doubles Badminton League match played at the winners' court last night. The results were:—
D. Kwok and Mrs. P. Wilson beat H. Gonsalves and Miss M. Xavier 21-18; beat N. Beltrao and Miss S. Remedios 21-10; beat C. O. Pereira and Miss M. Silva 21-18.

H. Eardley and Miss Decima Eardley beat Gonsalves and Xavier 21-14; beat Beltrao and Remedios 21-12; beat Pereira and Silva 21-3.

F. H. Kwok and Mrs. Strange lost to Gonsalves and Xavier 10-21; beat Beltrao and Remedios 21-7; beat Pereira and Silva 21-14.

**BOWLING ALLEYS
SEMI-FINAL**

The semi-final game of the Singles Handicap Competition, held at the Hongkong Bowling Alleys last night, was a closely contested affair and resulted in a win for M. F. L. Haymes (plus 25) over R. H. Tidd (plus 17) by 37 pins.

Detailed scores follow:
M. F. L. Haymes (plus 25) 141, 165, 135, 189, 145. Total: 816.
R. H. Tidd (plus 17) 194, 123, 168, 119, 175. Total: 779.

TEN PIN MATCH

In a friendly 3-game Ten Pin match between the "Royal Signals" and H.M.S. Thracian, the former won by 98 pins.

Teams and scores:—"Royal Signals"—Cpl. Blount, L/Sgt. G. Somerville, Cpl. J. H. Watts, L/Cpl. D. Hall. Scores: 638, 654, 657. Total: 1849.
H.M.S. Thracian—Stoker P. O. Willis, Able Seaman Birch, Able Seaman Shipley, Able Seaman Rutter. Scores: 552, 600, 599. Total: 1751.

**H.K. HOCKEY CLUB
TEAM**

The following team has been chosen to represent the Hongkong Hockey Club in a match arranged for the coming week:

"A" XI v. the 2nd XI of the 8th Heavy Regiment R.A. on Club Ground on Monday, Feb. 5, at 5 p.m.

H. W. Brown; W. G. Schnabel and J. W. Pennington; R. A. Bates (Capt.), H. J. D. Lowe and J. V. Steven; W. Spencer, G. Woolgar, Lieut. Buckridge, J. McGahan and Lieut. Carter.

**CHAMBER MUSIC
CLUB CONCERT**

The second concert of the season of the Hongkong Chamber Music Club was given at Government House last night before a large and appreciative audience.

For the first time since the inception of the Club, an orchestra performed. Led by Mr. N. Tonoff, who also played solo violin, the orchestra rendered, amongst others, Handel's Aida Suite and Bach's Second Brandenburg Concerto.

Two works for two pianos were rendered by Prof. Harry Ore and Mr. J. R. M. Smith, Mozart's Concerto in E flat and the Duetto Concertant in the style of Mozart, by Busoni.

**CAR COLLISION
SEQUEL**

The collision which occurred at Causeway Bay in the early hours of New Year's Day, between a Buick car owned by Mr. Chan Chung-tung and another vehicle, owned by Commander A. F. Tocher, had a sequel before Mr. H. G. Sheldon at the Central Magistracy yesterday when Chan was summoned for having driven in a dangerous manner. Mr. M. A. da Silva appeared for the defendant who was fined \$15.

A very interesting lecture on "Nature, the Artificer," illustrated by a series of striking lantern slides, was given at the University yesterday by Fr. P. Leroy, S.J., who is amongst the outstanding biologists in the East at present. He succeeded Fr. Licent as Director of the famous Hoang Ho Pai Ho Museum, at Tientsin. He broke his journey for a few weeks at Hongkong, on his way to Indo-China, where he is going to undertake some research work.
